## DRIVE ROUTE: ALPE ADRIA ROAD

*Discover the diversity of Slovenia, driving from the Adriatic Sea to the Alps*

1. Leaving the Istrian coast, you enter Italy and pass the city of Trieste. After re-entering Slovenia, you arrive to the Lipica Stud Farm. Besides the Slovenian Lipizzaner horses, the site offers opportunity for pictures.
2. Heading towards the direction of Nova Gorica, the highway will take you through the Vipava Valley, especially known for the Slovenian wine Zelen. The Zemono mansion is located in the centre and offers a possibility for a lunch break.
3. Continuing down the road from the Zemono mansion towards the city of Bovec, the road offers an exclusive opportunity to drive along the world-renowned, emerald-coloured river of Soča.
4. Instead of leaving the highway towards Nova Gorica, you can continue towards Ljubljana and pass the city of Postojna, the home of Slovenia's top tourist destination, the Postojna Cave.
5. The road will take you through Ljubljana, the capital of Slovenia. Located on a hill right in the centre is a castle that offers the opportunity for lunch.
6. Lake Bled is one of the most recognised Slovenian destinations. With a road all around the lake, it offers numerous photo opportunities with the Alps in the background.
7. On the way back towards Portoroz, the last stop is the so-called "Fisherman's City of Izola". Besides the port and beautiful architecture, the city is home to numerous festivals.
