Your moments are our moments. At Kempinski, we specialise in creating unforgettable memories. It's even more special during this wonderful time of year, as our florist will transform the lobby into a splendid winter wonderland, showcasing the tiny Santa's Village covered with softy white snow, underneath a real, sparkling Christmas tree. A feast of festive delights awaits in the hotel's restaurant, with exciting performances during Christmas week, such as impressive ballet shows and carol singing. Last but not least, the wishes from Santa cannot be missed.
